

POSaBIT is a FinTech, working exclusively within the cannabis industry. We build solutions to create new and better financial services and transaction methods for our customers. We strive to bring cutting edge software and technology to the cannabis industry, so that all merchants can have a safe and compliant set of services to solve the problems of a cash-only industry. We are currently looking for a Supply Chain Analyst to control and procure the hardware our customers use in their day-to-day operations.

### Top Reasons to Work with Us

- We have an undeniable positive impact on our customer's business, providing tremendous value and solving critical pain points.
- We offer a fun, dynamic workplace staffed by passionate individuals who are committed to achieving something special.
- Your contributions will be visible and be impactful!
- Proactivity and risk-taking are encouraged and rewarded.
- Our customers need innovative solutions, making us uniquely positioned to capitalize on a once-in-a-lifetime market opportunity.
- Our target markets are growing at 25X over the next three years.

### Role Responsibilities

- Responsible for inventory management and purchasing
- Develop relationships with our vendor partners to meet cost and maintain inventory targets.
- Source new vendor partners to meet business objectives
- Build ad hoc supply and/or demand analysis to support decision making
- Create tracking system to monitor inventory levels and ensure inventory count accuracy
- Develop process for supply chain functions, including shipping and receiving
- Partner with key stakeholders to identify business risk and opportunity
- Develop and maintain reports/analysis to provide timely information to key stakeholders

### What You Need for the Position:

- Bachelor's degree
- 2+ years of experience working as a Supply Chain Analyst
- Hardware management and technology buying
- Self-starter that can run a program without a lot of direction
- Strong attention to detail with a dedication to accuracy
- Excellent verbal and written communication skills
- Ability to analyze and make data driven decisions
- Solid analytical and problem resolution skills in an ambiguous environment

- Demonstrated ability to think strategically

#### What's In It for You

- You get to work in a fast-growing industry experiencing rapid growth
- Opportunity to make a significant impact and be recognized for it
- Stock option plan
- Excellent benefits including – medical, dental, vision, 401k, life and disability insurances
- Paid time off
- Monthly remote work stipend
